RE: Applying for Robotics Engineer Role

Dear Hiring Manager,

This is to express my interest in "robotics engineer" position that I was notified through LinkedIn on **Nov 22, 2019**. My resume is enclosed for your review. Given my close experience and excellent capabilities, I would appreciate your consideration for this job. For several years as an ambitious and hardworking student, I have focused my career path and academic pursuits on learning and developing those all-important skills necessary to be best in this type of role.

I enjoy innovation and love to experiment with different ideas. I am known for inspiring and devising original, thought-provoking concepts. These talents, along with my passion in this field, align with the qualities you desire in a new Robotics Engineer. For example, with me as your new Robotics Engineer, I will effectively contribute to areas of path planning, perception, localization, mapping and robotic manipulations.

I am an aspiring leader and offer key strengths in leadership, teamwork, and problem-solving. With a clear focus on progress and forward momentum, I am adept at improving processes, revamping operations, and motivating teams to excel.

I've recently learned about your organization and I believe working with your team would be thoroughly rewarding and enriching.

For further details of my qualifications, background, and contributions, please take a moment to review my enclosed resume. I believe that I can successfully be the Robotics engineer you're seeking and I welcome the opportunity to speak with you at your earliest convenience.

Thank you for your time and consideration of my candidacy in this role.

Sincerely,
Rajendra Singh
